Issuing Note

What is IVMS?

IVMS is a mandatory requirement for all Truckoman company vehicles. It is an electronic device installed in the vehicle for your own safety and provides the ability for Truckoman to monitor your driving activities and help identify any dangerous driving behaviours such as:

- Harsh acceleration
- Harsh braking
- Over speeding
- Not wearing a seatbelt

If you are observed completing any of the above, corrective counselling will be completed to find out why this happened and explain the

Emergency Button

Fitted in each company vehicle is an Emergency Button, red button as per image on the right. When in an emergency situation and you require assistance, please hold in the button until an alarm is activated.

The Journey Manager will contact you shortly to assist you. **ONLY USE IN AN EMERGENCY SITUATION**

Employee Declaration

I, Doug Stockton, have received an IVMS key, an IVMS briefing and understand that IVMS is for my own safety. The IVMS key is only to be used for Truckoman work activities and I shall be the sole user of this key. In case of any theft, loss or damage to the IVMS key, I am solely responsible and will report this immediately to Truckoman.
