| DESCRIPTION OF EQUIPMENT:                         | DIESEL POWERED HYDRAULIC ARTICULATED WHEEL LOADER OPERATED WITH SIDE SHIFTER - SWL IS 7000 Kgs @ 600MM LOAD CENTER. |                                                      |                 |

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |                            |                              |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------|------------------------------|
| <b>Description of Test:</b> A Thorough visual and functional test was carried out. Equipment was Operated and Observed thorough all of its motions. No Hydraulic Creep was Observed.<br>Attachments: - Fork Arms SL No: 24068041 (LF 3500/600)<br>Dimensions: 45 X 122 X 1070MM<br>Load Test Carried Out as per the Tabulated Column.<br><b>Note:</b> -Always refer to the manufacturer manual for safe operation of Forklift / Wheel Loader. Examine the equipment before each use never exceed the rated capacity. | Test Load Applied (in Kgs) | Safe working load (in Kgs)   |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | N/A                        | 7000 Kgs @ 600mm Load Centre |

**1. Conclusion:** This is to certify that the above-mentioned lifting equipment were tested and thoroughly examined and found satisfactory at the time of inspection.

Date of Issue: 31/01/2026

Opal LEIB Number: LEIB373/305

Authorized Name: LAKSHMANDAS.M

Inspector Name: ANSON D'COSTA

Designation: TECHNICAL MANAGER (TPI)

Qualification: LIFTING INSPECTOR (NSL)

Authorized Signature:
