**If any Alteration/Major Repair is made, this certificate is rendered invalid.**

This is to confirm that the undersigned competent representative in compliance with the aforementioned standard examined the item listed above. The aforementioned objects were found to be free of faults, deformations, and other problems at the time of inspection. The equipment is suitable for its intended use within the permitted limits, and at the time of inspection, it was determined to be suitable for continued use, provided that continuous maintenance is applied, qualified operators are employed, and our comments and recommendations are put into practice.
