| Conclusion: Fit for its intended use at the time of inspection.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |                                |                    |
| <i>This certificate becomes invalid if any Alteration/Major Repair and modification is done.</i>                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |                                |                    |
| This is to certify that the undersigned competent representative, did attend to examine the item described above in accordance to the aforementioned standard. At the time of inspection, the said item were found to be free from flaws, deformations or other defects. The equipment is satisfactory for its intended use within the limits specified and at the time of inspection was found to be satisfactory for further use, provided there is continuous maintenance applied, qualified operators employed and implementation of our remarks and recommendations. |                                |                    |
